Hospice of Southwest Florida
5955 Rand Boulevard
Sarasota, FL 34238

Objectives

At the conclusion of this workshop, participants will be able to:

- Describe the role and importance of bioethics in clinical and institutional decision making, especially regarding privacy, access to care and end of life issues.
- Discuss recent changes to Florida's Advance Directive Law (Chapter 765) and how this affects health care planning.
- Identify ethical framework of patient autonomy within the context of reflecting upon suicide and assisted suicide.
- Respect cultural variation as an expression of respecting patient autonomy.
