# 13th Annual Pediatric Bioethics Conference

**Friday, November 6, 2020**

Wolfson Children's Hospital, in partnership with the Florida Bioethics Network, presents the **13th Annual Pediatric Bioethics Conference**. This year it will be a **virtual conference** with talks on pressing issues by experts in the field and will serve as fertile ground for the development and clarification of best practices in pediatric bioethics.

## **Why you should attend**

Ethics committees, health care practitioners and public policy experts are consistently faced with difficult ethical challenges. This conference will provide education surrounding these challenges, and an opportunity to engage peers and learn what others are doing to cope with the ethical issues that arise in pediatric health care.
