Florida Ethics: Debates, Decisions, Solutions

Ethical challenges facing health professionals continue to grow in number and complexity. Bioethics education is now an essential component of professional development. This program addresses these themes and topics: Public health ethics education, guns as a public health issue, medical marijuana, the role of clergy on ethics committees, electronic informed consent and unusual advance directives – the case of the DNR tattoo. It is clear that bioethics – and bioethics education – must be assigned the greatest possible roles in the daily lives of health professionals and their institutions.

Accreditation The University of Miami Leonard M. Miller School of Medicine is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing education for physicians.

Disclosure and Conflict of Interest Resolution All conflicts of interest of any individual(s) in a position to control the content of this CME activity will be identified and resolved prior to this educational activity being provided. Disclosure about provider and faculty relationships, or the lack thereof, will be provided to learners.

Credit Designation The University of Miami Leonard M. Miller School of Medicine designates this live activity for a maximum of 6.0 *AMA PRA Category 1 Credits*.™ Physicians should claim only the credit commensurate with the extent of their participation in the activity.

The University of Miami School of Nursing and Health Studies designates this seminar series for a maximum of 6.0 *CEU Credits*.

This course is approved by the Florida Bar (1701838N) for 7 general CLE credits including 7 hours for health law. Continuing education credits for Social Workers have been applied for. This activity may be used for continuing education credit for chaplains certified with the Board of Chaplaincy Certification Inc.

Be sure to identify yourself as a participant of the Florida Bioethics 2018 conference.

Registrants using a discount code:

Our conference costs are based on the number of registrants. If you register, please attend. No-shows cost money and undermine our efforts.

PROGRAM

Learning Objectives

Upon completion of this program, participants will be able to:

- Understand, appreciate and contribute to debates about health care policy, including the role of public health education and of guns as a public health issue.
- Collaborate with clergy on education and case consultations compliance efforts.
- Identify and address ethical issues in efforts to use information technology in the consent process.
- Participate in discussions about and assessment of advance directives.
- Contribute to public awareness of the appropriate use of cannabis in medicine.

Target Audience

This course is designed for physicians, lawyers, nurses, social workers, clergy, psychologists, health administrators, philosophers and others with an interest or a need for continuing education in health ethics.

Services for the Disabled

Please contact the Division of CME prior to April 2, 2018, should you have any special needs that may require additional assistance. A conference staff member will contact you to discuss these special requirements.

The Florida Bioethics Network and the University of Miami Institute for Bioethics and Health Policy have fostered professional development in bioethics for more than a quarter of a century.
