

Conversations in Ethics:

The Role for Religion in Healthcare Ethical Decision-Making

A Continuing Medical Education Course
Presented by the Baptist Health Bioethics Department

**Live, Virtual Conference | 1 Cat. 1
Wednesday, February 14th, 2024**

12:00 p.m. to 1:00 p.m. EDT

The Conversations in Ethics lecture in February will cover how providers and researchers will have a deeper understanding of the intersection between religion and healthcare.

Faculty

Ira Bedzow, Ph.D.

Director

The MirYam Institute Project in International Ethics & Leadership

Emory University
Atlanta, Georgia

Target Audience

Physicians, Physician Assistants, Nurse Practitioners, Nurses, Social Workers, Respiratory Therapists, Clinical Chaplains, Pharmacists, Medical Students, Registered Dietitians and other interested healthcare professionals.

Learning Objectives

- Discuss the role of religion in healthcare, exploring how faith-based perspectives influence healthcare policies and clinical decision-making.
- Identify the ways in which religious values contribute to the patient illness experience, recognizing the potential benefits of incorporating spiritual aspects into patient care.
- Recognize how religious discourse addresses and speaks to diverse populations, fostering cultural competence and sensitivity in healthcare interactions.

Preregistration is required.
