

Conversations in Ethics:

Genetics and Ethics

A Continuing Medical Education Course
Presented by the Baptist Health Bioethics Department

Live, Virtual Conference | 1 Cat. 1

Wednesday, April 9, 2025

12:00 p.m. to 1:00 p.m. EDT

The April Conversations in Ethics lecture series welcomes Joshua Weiser, JSD, from Weiser Immigration in West Palm Beach, Fl.

Joshua Weiser, JSD, will explore the intricate intersection of genetics and ethics in contemporary society. With the rapid advancements in genetic research, biotechnology and genetic engineering, ethical questions have emerged regarding privacy, consent, the potential for genetic manipulation and the broader social implications of such innovations.

Faculty

Joshua Weiser, JSD
Weiser Immigration
West Palm Beach, Fl.

Target Audience

Physicians, Physician Assistants, Nurse Practitioners, Nurses, Social Workers, Respiratory Therapists, Clinical Chaplains, Pharmacists, Medical Students, Registered Dietitians, Social Workers, and other interested healthcare professionals.

Learning Objectives

- Identify balance between medical advancements and personal autonomy.
- Discuss genetic editing and the moral implications of altering human DNA.
- Recognize ethical considerations surrounding genetic testing and privacy.
- Give examples of the future of genetics in healthcare and society.
